Joan V. Oliver Rosell

JUNIOR FULL STACK DEVELOPER

Junior Full Stack Developer with higher vocational qualifications in DAM and DAW and a specialisation in Artificial Intelligence and Big Data. I am seeking my first full-time opportunity in web development, with an interest in APIs, data and AI integration. I would like to join a team where I can contribute to useful, maintainable applications and learn how software is developed, tested and maintained in a professional environment.

FEATURED PROJECTS

Planora | *Next.js · React · TypeScript · Supabase*

Bilingual web application and PWA for organising tasks, habits and events, with Google Auth, synchronisation, offline mode and RLS. In production and used daily. 377 unit/component tests and 52 E2E scenarios.

Data Fuel | *FastAPI · React · PostgreSQL · ML/XAI*

Calculates the real refuelling cost using official MITECO data, distance and traffic. Includes ML predictions, SHAP explanations, Clean Architecture, over 690 tests and 86% coverage.

Book Piece | *Angular · TypeScript · RxJS · PHP · MySQL*

Marketplace and social platform for readers, with a shop, library, reading journal and role-based administration. Angular 19 SPA with RxJS and a PHP/MySQL REST API with server-side validation. Public showcase repository; original code is private.

FitPrompt | *Next.js · TypeScript · PostgreSQL · AI*

Fitness platform with personalised training and nutrition plans through a conversational AI experience. Authentication, validation, a relational model with 26 tables and payments.

TRAINING PLACEMENTS

Full Stack Development | Imagina IT Solutions | Feb - May 2025

- Training placement using Next.js and C# for web features and component integration.

Software Development | Recreativos Alzimatic | Mar - Jun 2024

- Training placement using Python and MySQL for utilities, data processing and queries.

EDUCATION

Specialisation in AI and Big Data | IES Sant Vicent Ferrer | 2025 - 2026

Web Application Development (DAW) · Angular, PHP | IES Sant Vicent Ferrer | 2024 - 2025

Multiplatform Application Development (DAM) · Java | Xúquer Centre Educatiu | 2022 - 2024
